- Worldwide offices and warehouses

OMNISPOWER

# 01 Company Profile

Founded in 2010, Omnis Power is one of the most innovative and reliable solar products manufacturers in the world. Omnis Power distributes its solar products, solutions, and services for a variety of utility, commercial, and residential applications worldwide with an organized annual capacity of 3 GW. Omnis Power has multiple production facilities in Asia and global sales teams in the United States, Europe, China, and Singapore.

Being an American qualified PV company in today's globalizing world means operating in a way that reflects our values and connecting our business decisions to society's needs. Our business makes a valuable contribution to society. We know that the development, manufacture, and sale of our PV panels and kits affect society and human lives. Therefore, we aim to be open and transparent about how we operate. Omnis Power is committed to the corporate responsibility that comes with being in our industry, and we have taken a special interest in addressing the needs of the world. we are fully committed to the global.

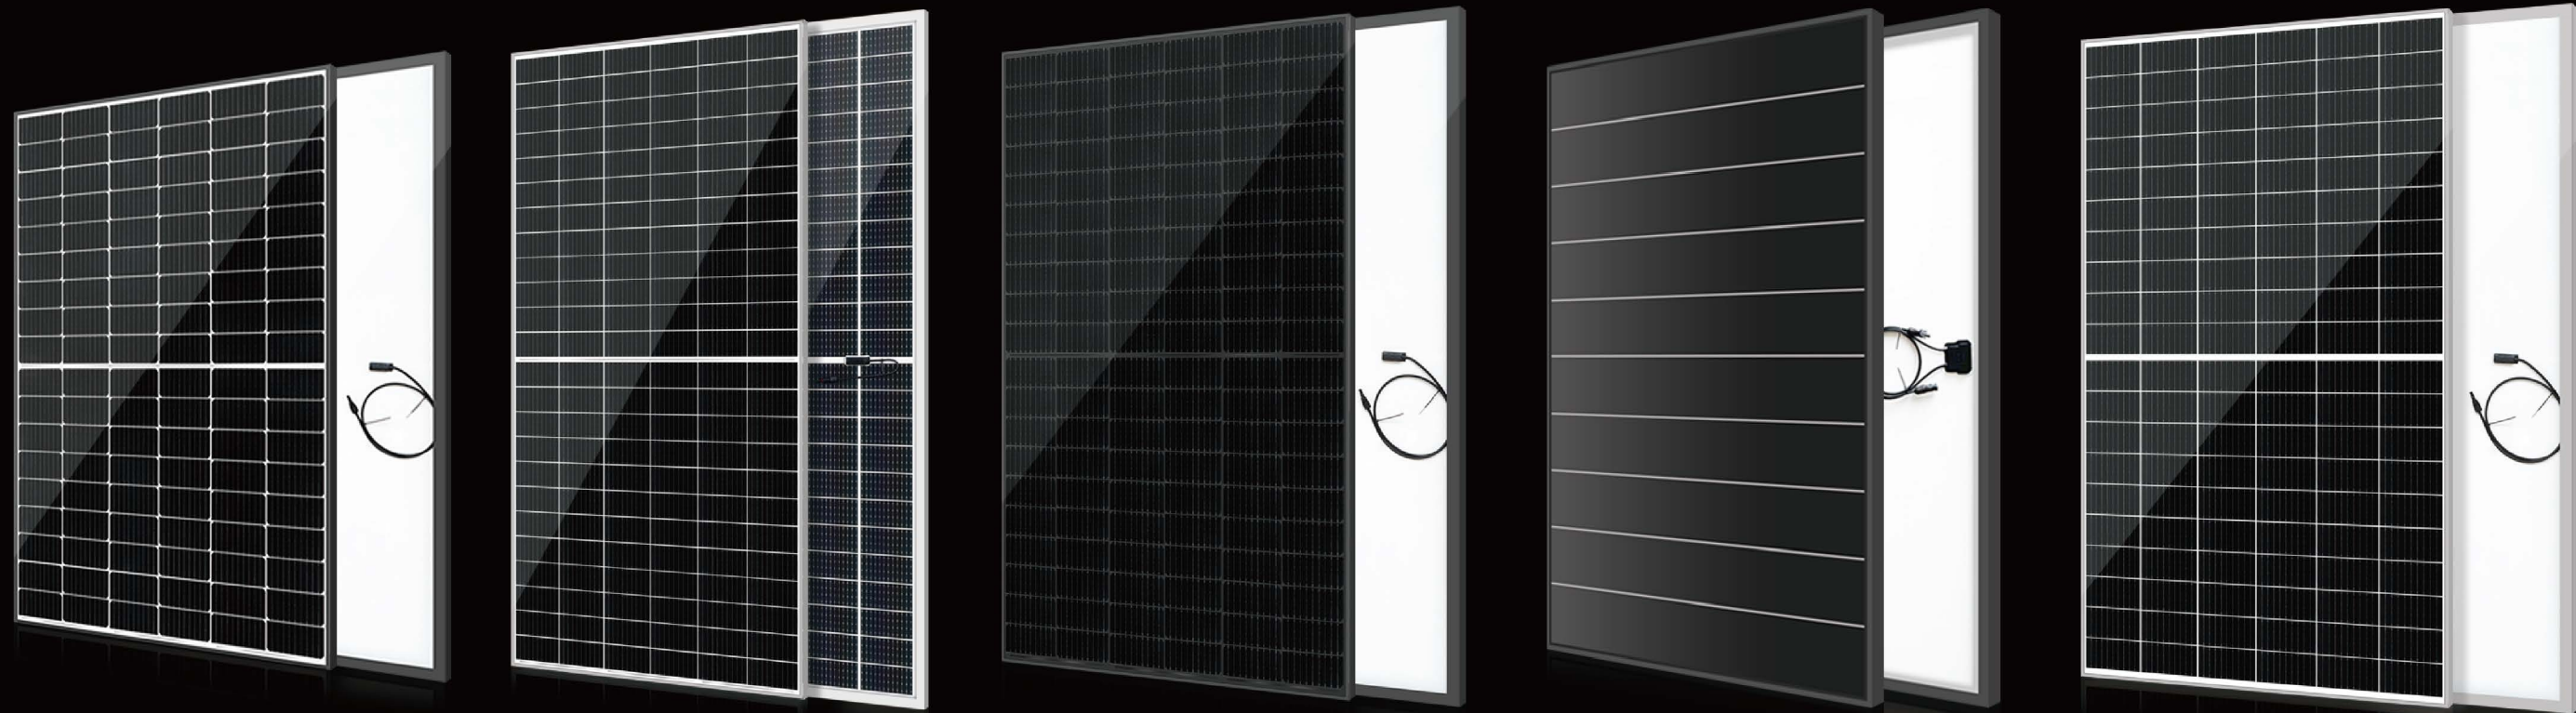

# 02 Wide Product Range

Our Product range covers most popular types of PV modules, All-in-one PV kits and energy storage batteries from applications of small off-grid, residential on-grid and hybrid, commercial on-grid and hybrid and large scale of solar farms.

# 09 Competitive Prices

## Lower logistics cost

- Optimizes use of container space in transport.
- Logistics costs 10% lower than mainstream products.

## Lower manufacturing cost

- Our prices are usually \$0.01~\$0.02 Per Watt Lower than Tier-1 Brands but with same or higher quality level.

Save your money from buying Omnis Power factory directly instead of buying from the Tier1 brands.

Purchasing Volume	Logestic Save	Panel Cost Save	Total \$ Saved
1 Container	\$ 500	\$ 3,500	\$ 4,000
1 MW	\$ 1,500	\$ 10,000	\$ 11,500
10 MW	\$ 15,000	\$ 100,000	\$ 115,000
50 MW	\$ 750,000	\$ 500,000	\$ 1,250,000
100 MW	\$ 1,500,000	\$ 1,000,000	\$ 2,500,000
